INTRODUCTION

PROFILE OF THE COLLEGE

Rajiv Gandhi Arts and Science College is situated in **Thavalakuppam**, a rural area nearly about 11 kms away from the town limit of Puducherry. It is almost the center of axis between Puducherry and Cuddalore (Tamil Nadu). Having a glimpse at the history of the inception of the college, it is known that it got established as the Annexe of the age-old glorious institution, **Tagore Arts College** that was **founded** by the then **Honorable Prime Minister of India, Shri. Jawaharlal Nehru**, and later separated from it with a new name to exist on its own now.

On March 2007, the amalgamation of UTPASTICS with the Union Territory of Pondicherry Colleges of Education Society was made thus, emerged a new formation by the name Pondicherry Society for Higher Education (**PONSHE**). Registered under the society act 1860 (Act No. XXI of 1860) with the registration number 397/2007, His Excellency, the Lt. Governor of Puducherry accorded the approval to the college to function under the name **Rajiv Gandhi Arts and Science College** and thereafter, the college functions with all eminence for the growth of rural population.

Initially, the college functioned with two courses viz. **B.Com. (General)** and **B.Com. (Co-operative Management)** with an intake of 30 students in each. During the year 2010, the number of seats in these two courses increased to 40 in each, and also provision for accommodation of three more courses were laid. Thus, Bachelor of Business Administration (**B.B.A.**), Bachelor of Computer Science (**B.Sc. Computer Science**) and Bachelor of Computer Applications (**B.C.A.**) emerged with an intake of 30 students in each.

It has now become the centre for Higher Education to the rural population with an ambitious remark and distinct characteristics inculcating socio-economical, moral and human values to the students apart from teaching curriculum. The college is located in the center of the rural area of Puducherry on a sprawling campus of **five acres**. It is in prime location for the rural genders, to have their higher education programs successfully, with an easy access to mobility.

This College is affiliated to Pondicherry University, offering 5 UG courses in Arts and Science disciplines. The Centre made a paradigm shift in the curriculum adopting Choice Based Credit System (CBCS) during 2017-18 for all UG programmes.

The institution has increased the students' strength to **900** through a common admission programme called **CENTAC** (Centralized Admission Committee for Arts and Science Courses) by the Government of Puducherry. Job opportunities are highlighted through the Career Guidance and Counselling Cell of the college that plays a significant role in showing up the opportunities available in the job market and help the students to avail it. To create and develop the personality of the students with the society and community to live with, **N.C.C.**, **N.S.S.** and **R.R.C.** were started in this college. The college has a hierarchy committed towards the development of higher education under the concept **Education for All**.

The Secretary to the Government (Education) functions as the Chairman of the Society Colleges run by the Government of Puducherry. The Director, Directorate of Higher & Technical Education, as Member Secretary, contributes for the overall functioning of the Pondicherry Society for Higher Education. The Principal administers the college with the functioning of faculty and non-teaching staff to cater the needs through Higher Education to the rural population. The vision and the mission of the college depict the importance of why and how they were framed for the complete development of the rural folks through Higher Education.

DEFINITIONS OF KEYWORDS

1. **Programme:** An educational program leading to award of a degree/ diploma/ certificate.
2. **Programme Committee:** Each Program of Study shall have a Programme Committee to oversee the implementation of the program.
3. **Course:** Usually a course referred to as "subject" is a component of the Programme of Study. All courses need not carry the same weightage. The courses should define learning objectives and learning outcomes. A course may be designed to comprise lectures/tutorials/laboratory work/field work/outreach activities/project work/vocational training/viva/seminars/term papers/ assignments/presentations/self-study etc., or a combination of some of these.
4. **Core Course:** The Core Courses in all the semesters shall be compulsorily studied by a student.
5. **Elective Course:** Elective Course is a course which can be chosen from a pool of papers. It may be:
 - ❖ Supportive to the discipline of study
 - ❖ Providing an expanded scope
 - ❖ Enabling an exposure to some other discipline/domain
 - ❖ Nurturing student's proficiency/skill.

An elective may be "Generic Elective" focusing on those courses which add generic proficiency to the students. An elective may be "Discipline Centric" or may be chosen from an unrelated discipline. It may be called an "Open Elective."
6. **Foundation Course:** The Foundation Courses may be of two kinds: Compulsory Foundation and Elective foundation. "Compulsory Foundation" courses are the courses based upon the content that leads to Knowledge enhancement. They are mandatory for all disciplines. Elective Foundation courses are value-based and are aimed at providing ethical and humanistic education.
7. **Repeat Course:** If a student gets (i) less than 40% in the internal assessment and fails in the course or (ii) fails to get the required attendance, the student shall repeat the course when offered.
8. **Choice Based Credit System (CBCS):** The CBCS provides choice for students to select from the prescribed courses (core, elective or minor or soft skill courses etc.). Under the CBCS, the requirement for awarding a degree / diploma /

certificate is prescribed in terms of number of credits to be completed by the students.

11. **Grade Point:** It is a numerical weightage allotted to each letter grade on a 10-point scale.
12. **Credit Point:** It is the product of grade point and number of credits for a course.
13. **Semester Grade Point Average (SGPA):** It is a measure of performance of work done in a semester. SGPA is the ratio of total credit points secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.
14. **Cumulative Grade Point Average (CGPA):** It is a measure of overall cumulative performance of a student over all semesters. The CGPA is the ratio of total credit points secured by a student in various courses in all semesters and the sum of the total credits of all courses in all the semesters. It is expressed up to two decimal places.
15. **Transcript or Grade Card or Certificate:** Based on the grades earned, a grade certificate shall be issued to all the registered students after every semester. The grade certificate will display the course details (code, title, number of credits, grade secured) along with SGPA of that semester and CGPA earned till that semester.
16. **Academic Year:** Two consecutive (one odd + one even) semesters constitute one Academic year.

- CGPA of the student

COMPUTATION OF SGPA AND CGPA

Following procedure to compute the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) shall be followed:

- The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student,

$$\text{i.e., } SGPA (S_i) = \frac{\sum (C_i \times G_i)}{\sum C_i}$$

where C_i is the number of credits of the i^{th} course

G_i is the grade point scored by the student in the i^{th} course.

2. The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme,

$$\text{i.e., } CGPA = \frac{\sum(C_i \times S_i)}{\sum C_i}$$

where S_i is the SGPA of the i^{th} semester

C_i is the total number of credits in that semester.

3. The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts

ILLUSTRATION OF COMPUTATION OF SGPA AND CGPA, CONVERSION OF CGPA INTO PERCENTAGE AND FORMAT FOR TRANSCRIPTS

1. Computation of SGPA and CGPA

1.1. Illustration 1 for calculation of SGPA

The illustration is for a student who has taken six courses of given credits in a semester and performance is given in grade letter which carry certain grade point.

Course	Credit	Grade letter	Grade point	Credit Point Credit x Grade
Course 1	3	A	08	$3 \times 08 = 24$
Course 2	4	B+	07	$4 \times 07 = 28$
Course 3	3	B	06	$3 \times 06 = 18$
Course 4	3	O	10	$3 \times 10 = 30$
Course 5	3	C	05	$3 \times 05 = 15$
Course 6	4	B	06	$4 \times 06 = 24$
			20	139

$$SGPA = 139/20 = 6.95$$

1.2. Illustration 2 for calculation of SGPA

A student registered for 6 (six) courses in a semester. At the end of the semester the student got A grade in a 4 credit course, A grade in 2 credit course B+ in a 3 credit course another B+ in a 3 credit course, B in a 3 credit course and F grade in a 3 credit course. Calculation of SGPA of this student is:

$$SGPA = \frac{8 \times 4 + 8 \times 2 + 7 \times 3 + 7 \times 3 + 6 \times 3 + 0 \times 3}{4 + 2 + 3 + 3 + 3 + 3}$$

$$= \frac{32 + 16 + 21 + 21 + 18 + 0}{18} = \frac{108}{18} = 6.0$$

SGPA of the student is 6.0 out of 10.0

2.1 Illustration for calculation of CGPA (Example)

The illustration is for calculation of CGPA of a student who studied six semesters in a UG program.

Semester	Credits	SGPA
Semester 1	20	6.95
Semester 2	22	7.80
Semester 3	18	5.65
Semester 4	21	6.04

Semester 5	19	7.21
Semester 6	20	7.85
Total	120	

$$CGPA = \frac{20 \times 6.95 + 22 \times 7.80 + 18 \times 5.65 + 21 \times 6.04 + 19 \times 7.21 + 20 \times 7.85}{120}$$

$$= \frac{139.00 + 171.60 + 101.70 + 126.84 + 136.99 + 157.00}{120} = \frac{833.13}{120} = 6.94$$

CGPA = 6.94. The student has passed in the program and is placed in 2nd Class.
