A nice curriculum and best teachers in the department

Good

Fair

1) Teachers are excellent, but some of them are giving more freedom to the students that gives more damage among the students. Not blaming all the teachers, especially a single teacher and I don't want to say their name. 2) Other department teachers are making a connection with some of the students and the students communicate bad things to the other department staff instead they won't say the problems or situation to their own department students. Please make a note of it, here I say the department that interferes in our department, Bcom teachers are more concerned with our department, here too there's only one staff. Thank you
